Hundreds of students of Junior and Senior Highschool of YADIKA 6 visited IPB. The group was accepted by the Executive Secretary of IPB in the Auditorium Andi Hakim Nasoetion, on 29 October 2012. Before the the official reception, the Public Relations (HUMAS) presented film on Wirausaha Muda IPB.

The Principal of High School Yadika 6, Ms. Nindya Febriyana, in her remarks stated the objectives of this visit to IPB, in addition to prepare students to pursue their higher degree programs, the visit will also to give broader insight on the Campus life. Especially as IPB has advance entrepreneurship program for college students. "Hopefully this visit will enable produce young enterprenurs from Yadika schools," she asserted.

The Executive Secretary of IPB, Dr. IR. Bonny P. W. Sukarno in his remarks stated that, "IPB is the largest Agricultural University in Indonesia, so very often the name of IPB has been associated with most agricultural issues of Indonesia at this moment. IPB is the universities that contribute the largest number of innovations in the last five years. According to him the agricultural problems are our national issues, it is not pnyl the problem of IPB. IPB as the educational institution, it will continue to produce best for Indonesia. In addition to the employment, IPB alumni distributed in various jobs, particularly in the field of agriculture

Further, Dr. Bonny added, hopefully that the visit students of YADIKA to the IPB campus, will caused the emerging of new qualified generations from IPB. To motivate those students to be more interested in IPB, another staff of HUMAS, Ms. Siti Nuryati, STP, MSi presented "Tujuh Alasan Memilih IPB (seven reasons for Choosing IPB)".

On this occasion, the guided tour was prepared for the YADIKA groups to visit the Musmus doll Center of IPB. Musmus doll is a special doll made of baglog Oyster Mushrooms with ornaments to be a doll. In addition to visit the Musmus doll Center, the groups were also guided to visit the process of making Musmus. (Wied).
