IPB is currently organizing itself towards Prime Accreditation, so in the Wednesday Meeting of the mid year at the Graha Widya (IPB graduation building) on July 6, 2011, Rector of IPB, Prof Herry Suhardianto, MSc requested that the Deans of Faculties, Dean of Graduate School, Director of Diploma Program, Director of the Graduate Program in Management and Business to present what they have achieved in the accreditation for their respective programs and faculties.

Rector expressed his appreciation for the progress and achievements of the accreditation of, which is certainly as the result of the hard work of all components of the institution. In addition, Rector of IPB encourages all teaching staff to continue to increase the number of international publications to support IPB's determination towards a world class university.

Responding to complaints of IPB academic community about the water and toilets in the working units, Rector promises to tackle the problem by presenting Implementation of the Development Master Plan Phase III of Dramaga Campus of IPB, one of which is the improvement of toilets in the all faculties.

Rector states that other rehabilitation includes classrooms and laboratories, the drop off (main entrance), floors, walls and sun screen, roof and gutter, clean water system and installation, sewerage systems and waste, the building of Andi Hakim Nasoetion, expansion of server room and arrangement of Rectorate building, entrance, security post, air-conditioning, sound system, electricity and communication networks, garden arrangement on the triangle space between the wings, vehicle circulation and parking area as well as repair and installation of park lighting around the building.
