Bogor Agricultural University had 2 (two) official delegates from Aix Marscille University, France. His official visit to the University was to establish cooperation between Bogor Agricultural University - Aix Marscille University on the Double Degree scholarships, both for the Master's and for Doctoral degree programs. Those official delegates were received the Rector room, Darmaga Campus, on 24 November 2011.

The MoU was signed by Rector of IPB with the delegate of the Aix Marscille University. Then it was followed by slides presentation by those official delegates. Then, the delegates explained the many disciplines being offered by the university ranging from economic to environmental chemicals. Finally, they also promoted the beautiful scenery surrounded the Aix Marscille University which is mostly admired by tourists.

Dr. Ir. Cecep Kusmana, faculty member of Bogor Agricultural University who attended the MoU stated that the MoU on the double degree scholarship will provide opportunity for students of Bogor Agricultural University to pursue their degree program at the Marscille Aix University, France. The MoU will immediately take effect, and 5 (five) scholarships will be administered for students of Bogor Agricultural University. Under the double degree program, for example, those who pursue his/her Master's degree program, he/she has to undertake courses for 1 (one) year in Aix Marscille University, France, and another 1 (one) year at Bogor Agricultural University. (Wied).
