

[27 - 30 November 2007] The 2007

Regional Symposium on Biophysics and Medical Physics

**The 2007 Regional Symposium on Biophysics and Medical Physics November 27th - 30th, 2007**

Url: <http://rsbmp.ipb.ac.id>

Department of Physics, Bogor Agricultural University will organize "the 2007 Regional Symposium on Biophysics and Medical Physics" on November 27th - 30 th, 2007. This event is the collaboration of Department of Physics Bogor Agricultural University (IPB), Department of Physics University of Indonesia, Northern Malaysia University College of Engineering (UNIMAP), Indonesian Medical Physics & Biophysics Association (HFMBI) and also the Indonesian Physics Society (HFI). This Symposium will gather medical physicists and biophysicists from South East Asia and the surroundings.

The topic scopes are, but not limited to:

1. Biomaterials
2. Bioelectronics, Biosensors and Biophotonics
3. Environment and Radiation Biophysics
4. Membrane Biophysics
5. Animal, Plant and Food Biophysics
6. Computational Biophysics and Medical Physics
7. Theoretical Biophysics
8. Applied Clinical Medical Physics
9. Radiation Dosimetry
10. Nuclear Medicine and Medical Imaging

Activities Workshop and Symposium Venue Bogor Agricultural University Bogor, Indonesia

Important Date Deadline abstract: September 6th, 2007 Receive abstract announcement: October 7th, 2007 Deadline Full Paper: October 27th, 2007
