

[31 Maret 2009]

International Scientific Conference on Nutraceuticals and Functional Foods - FOOD AND FUNCTION 2009.

Herewith, we would like to remind you the abstract submission deadline for the **International Scientific Conference on Nutraceuticals and Functional Foods - FOOD AND FUNCTION 2009**.

The abstract submission deadline 31st March 2009.

Food and Function 2009, the International Scientific Conference on Nutraceuticals and Functional Foods will be held between 9th - 11th June 2009 in the university city of Zilina, Slovakia. The conference programme will focus on current advances in the research of nutraceuticals and functional foods and their present and future role in maintaining health and preventing diseases. Nutraceuticals and functional foods are the new, modern means of exploiting the health promoting potential of nutrition. The awareness of nutrition's role in maintaining health and preventing diseases is constantly growing alike the number of new products, approaches and related concerns. The conference's goal is to provide a scientific forum for all stakeholders of nutraceuticals and functional foods and enable the interactive exchange of state-of-the-art knowledge. The conference will focus on the evidence-based benefits of nutraceuticals and functional foods.

DANISCO A/S, the partner of the conference Food and Function 2009, presents the "Young Scientist Award".
