

[June, 9-10, 2010]

The 14th AFBE International Conference

The 14th AFBE International Conference : 'The Effect of the Global Economic Crisis on Business in Southeast Asia

Department of Agribusiness, Faculty of Economics and Management, Bogor Agricultural University in collaboration with The Asian Forum on Business Education (AFBE) will conduct the 14th AFBE conference, with 'The Effect of the Global Economic Crisis on Business in Southeast Asia' as a theme. There are four sub-themes related into it: (1) the effect on agribusiness, (2) the effect on general business, (3) the effect on exports/trade, and (4) the effect on bilateral trade agreements. The general objective of this International conference is to facilitate the meeting of academia, business practitioners, government agencies, and other organizations related to business and education for information and knowledge exchange.

The conference will be conducted in two consecutive days (9-10 June 2010). There are four keynote speeches by prominent scholars and experienced business practitioners as well as paper presentations in the concurrent sessions.
